ABOUT ME

B.Tech IT student at GGSIPU Delhi with 2 internships building and shipping real software. I write clean code, learn fast, and take ownership of my work end to end. I enjoy solving problems and building things that actually work in production.

TECHNICAL SKILLS

Languages: JavaScript, TypeScript, C++, Python
Web & Tools: React.js, Next.js, Node.js, Express.js, MongoDB, SQL, Git, GitHub, Vercel
Concepts: Data Structures & Algorithms, OOP, CI/CD basics

INTERNSHIP EXPERIENCE

Software Developer Intern — PrakritiSanskriti Tech Solutions, Faridabad
May 2026 – Aug 2026 (3 Months)

- Worked on Chitrio, an AI-powered video production platform — built UI components, integrated APIs, and collaborated with the engineering team throughout the full development cycle.
- Participated in technical discussions, followed team coding standards, and shipped features from design to deployment.
- Picked up new technologies quickly and delivered consistently, completing the internship with a certificate of achievement.

Full Stack Developer Intern — PHN Technology Pvt. Ltd., Pune
2 Months

- Built REST APIs and responsive frontend interfaces; worked with Git/GitHub for version control, pull requests, and code reviews.
- Converted client designs into working, production-ready web applications using React.js and Tailwind CSS.

PROJECTS

E-Shop — Full-Stack E-Commerce Platform
JavaScript, React.js, Node.js, Express.js, MongoDB, REST APIs, JWT, Razorpay, Cloudinary

- Built end-to-end: 20+ REST APIs, product management, cart, orders, payments (Razorpay), and admin panel — owned the full lifecycle from architecture to deployment on Vercel.
- Implemented secure JWT authentication, Bcrypt password hashing, and Cloudinary for media — handles real users in production.

School Website
React.js, JavaScript, HTML5, CSS3, Cloudinary

- Developed a multi-page responsive website with dynamic content, contact form, and media management — clean, fast, and accessible.

EDUCATION

B.Tech in Information Technology (Graduating 2027) — Dr. Akhilesh Das Gupta Institute of Professional Studies, GGSIPU, Delhi

Diploma in Computer Engineering (2021 – 2024) — Rajokri Institute of Technology, Delhi
